**REPLY TO NOTIFICATION OF DEFECTIVE RESPONSE**

Mail Stop PCT  
Honorable Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313

Sir:

This is submitted in response to the Notification of Defective Response ("Notification") mailed on April 15, 2003 in the above-identified application. The aforementioned Notification (copy enclosed) contains several erroneous assertions.

The Notification indicates that Applicant's response filed on 05/04/2001 to the Notification of Missing Requirements dated 12 December 2000 was received by the Elected Office. The Notification states, however, that the Missing Requirements regarding the Sequence Listing set forth in the Notification of Missing Requirements have not been completed.

Applicants assert that the Sequence Listing was submitted to the Elected Office at the time the application was filed as evidenced by the transmittal letter (copy attached) and the return-receipt postcard stamped by the U.S. Designated Office of the PCT ("US-DO"), which indicates that the Sequence Listing including diskette, was received by the US-DO. Additionally, the original Notification of Missing Requirements (copy attached) did not state that a Sequence Listing was missing from the application papers. Moreover, the paper copy of the Sequence Listing is found at page 22 of the Specification as filed. The enclosed paper copy and Computer Readable Form ("CRF") of the Sequence Listing have been updated to include the serial number of the application. The undersigned agent for applicant states that the content of the paper and CRF copies of the Sequence Listing are the same.

The Notification also states that the original Specification and other items were filed on 05/04/2001. This is in error. The subject patent application was filed by express mail (EL 286880070US) as national phase of PCT/US99/10750 which was received by the PCT/PTO on November 14, 2000, and confirmed by the US-DO date-stamped postcard (copy enclosed) indicating receipt of the Specification, Claims and Abstract, three sheets of drawings, including

Sequence Listing (p. 22 of the Specification), small entity statement, request under 37 CFR 1.53(b) for new application, computer readable sequence listing, preliminary amendment, copy of PCT publication with copy of the international search report and copies of references. The Notification indicated that the oath or declaration of the inventors was the only missing item.

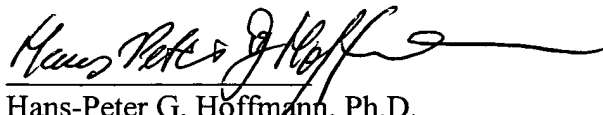

The Notification of Missing Requirements was allegedly mailed December 12, 2000, but it was actually not received by Applicant. Applicant's inquiry subsequently succeeded in obtaining a copy of the Notification from the USPTO (Examiner: Lamont Hunter) by facsimile on May 2, 2001. A prompt reply to the Notice with the enclosed declaration/power of attorney document, executed by the inventors, and a petition for extension of time and the payment of surcharge was submitted to the PCT/PTO timely on May 2, 2001, and was received by the PCT/PTO on May 4, 2001.

Therefore, Applicant respectfully requests that the proper filing date of November 14, 2000 be corrected in the above-identified Serial No. 09/700,402.

No fee should be due with this response. However, the Commissioner is hereby authorized to charge any required fee to Deposit Account No. 23-1703.

Dated: May 14, 2003

Respectfully submitted,

Hans-Peter G. Hoffmann, Ph.D.
